
MM01 English Explorers - Language Beyond Limits

"English Explorers – Language Beyond Limits" is the ultimate class for students who love English and enjoy exploring the boundless possibilities of language. It's where fun, creativity, and a healthy dose of challenge come together to help you see English in new and exciting ways. In this course we will explore creative writing, slam poetry, sketches and impro theater, word puzzles, debating, storytelling, and creative expression.

Through hands-on activities, collaborative projects, and creative challenges, you'll develop not only your language skills but also your ability to think outside the box. You will engage in group activities and friendly competitions that allow you to connect with others while enhancing your skills.

We will meet once a month on a Friday afternoon at Bodensee-Gymnasium Lindau. Each session will feature a mix of activities. This class isn't just about learning—it's about doing. By the end of the course, you'll have a portfolio of creative projects you can be proud of, as well as sharpened skills in language and expression. Whether you aspire to be a writer, a communicator, or just a lover of language, this course will inspire you to take your passion for English to the next level.

If you want to explore English in a fun and engaging way, this class is perfect for you.
